For Immediate Release

April 5, 2010

## **CITYLINK PARATRANSIT VAN ADDED TO PEKIN ROUTE BUS SERVICE**

On April 12, The Greater Peoria Mass Transit District (CityLink) will begin providing service to qualified Americans with Disability Act (ADA) passengers on a demand-response basis. In cooperation with the City of Pekin, CityLink will provide a van to be used only by passengers in Pekin to get to their appointments as required by ADA.

Only certified passengers will be able to ride. Contact John Williams 309.679.8139 or Marcia Whitehead at 309.679.8183 to inquire about certification. Certified passengers can set up appointments one day in advance by calling MV Transportation directly at 1-877-808-5438 for door-to-door transportation to their destination.

This van was added to Pekin routes to alleviate the delayed deviated route previously used. Fixed-route service will remain the same.
