

# REQUEST FOR PROPOSALS

## **ADDENDUM # 2**

### **Questions and Clarifications**

**Furnishing, Delivery, Installation and Removal of a Rental Tent System**  
**RFP# NF2022-06**

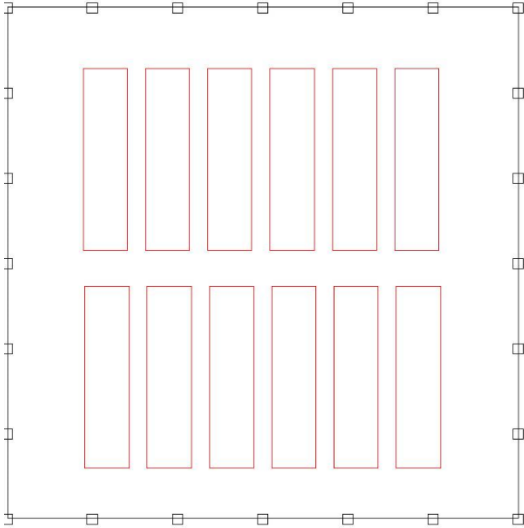

**TO:** Prospective Proposers  
**FROM:** Jamie Arbogast, Procurement  
**DATE:** April 07, 2022  
**SUBJECT:** Addendum No. 2 – Questions and Clarifications

---

The following is included as part of Addendum No.2 and supersedes the language/requirements set forth in the original "Request for Proposals" and Addendum No.1.

### **ADDENDUM # 1 – Questions and Clarifications**

<b>#</b>	<b>Questions submitted or asked</b>	<b>Response from GPMTD</b>
1	Do you have any specific dimensions of this gravel driving surface for the buses? •Length and width of the driving path would be ideal	<i>Approximately 20' wide by 30' long</i>  <i>Gravel is only needed in the space that needs cleared. The surrounding area where the tent will be installed is an existing parking lot.</i>
2	Is the gravel path leading to the east side exit?	<i>No gravel path. The tent will be installed primarily on an existing parking lot. Gravel is only needed in the small space which requires clearing, approximately a 20' x 30' space located in a corner area where the tent will sit.</i>
3	The map of the addendum indicates a place for power and gas, is that square a separate standing tent?	<i>Access to electrical and gas can be found in the front of the current garage, directly inside the first garage stall. Contractor will need to tap into the existing power and gas.</i>  <i>Site preparation has been included as an alternate. Please review the updated Bid pricing form below.</i>  <i>In addition to Attachment K – Bid Pricing Form: Provide a detailed cost estimate, which includes the breakdown of all costs included in your bid. Ex:) permit costs, site preparation, setup and run temporary utilities.</i>

4	<p>Looking at the HVAC, Air Exchange, and Lighting for the Tent. On the Addendum it shows a spot for power and gas.</p> <p>Can I get specifications on how much power is located in that spot? Is there enough power sourced there to provide for the Lights, Heat, AC, Air Exchange, and to Power the other Functions of the tent?</p>	<p><i>The power is efficient to support the tent system.</i></p>
5	<p>Clearing of the land – this is not something we do. You would be responsible for all site preparations.</p>	<p><i>Site preparation has been included as an alternate. Please review the updated Bid pricing form below.</i></p>
6	<p>Is this a rental or a purchase? If rental please specify dates.</p>	<p><i>Rental. Tentatively scheduled for October 2022 – March 2023.</i></p>
7	<p>Are you wanting the tent completely enclosed, or just two ends open so that the busses can pull in and out? Basically, I am asking if you just need shade covering or if the tent needs to be completely enclosed.</p>	<p><i>We are requesting a completely enclosed structure.</i></p>
8	<p>How soon do you need this?</p>	<p><i>Bids are due on April 14, 2022 at 2:00pm (CST).</i></p> <p><i>The procurement schedule is listed in section 1-7, page 12 of the IFB document.</i></p>
9	<p>Please see below. I did a quick sketch. This is a 100x100 tent. Is this what you're wanting? There are no dimensions on your drawings, so I don't know what the footprint of the proposed area are.</p> 	<p><i>Section 2-2 (13) specifies the system to be at a minimum 82'x115'x13'. If your tent system does not meet this requirement complete Attachment D Approved Equals to specify any alternative solutions.</i></p> <p><i>Provided that adequate space is available for the buses to move in and out of the structure, this layout appears to be adequate.</i></p> <p><i>The buses will need to stay in regular service during operating hours, they will be moving in and out daily. Space will</i></p>

## ATTACHMENT K – Bid Pricing Form

The undersigned hereby declares that he/she has carefully read and examined the Public Notice, the Invitation for Bid, terms, and requirements, with all supporting certificates and affidavits, for the goods and services noted herein, and that he/she will enter into contract negotiations for said provision of goods and services, as specified, using the costs identified herein, as the basis for those contract negotiations.

**Detailed cost information shall be attached and meet the requirements as described in the Bid.**
