ON THE MOVE

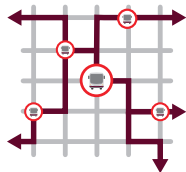

In 2019, CityLink completed a detailed study of its entire bus system, called **CityLink on the Move**.

THIS STUDY REVIEWED:

Existing bus service and ridership trends

Neighborhoods and destinations served

Service gaps and opportunities for improvements

Input from riders and members of the community

The outcome of the study was a five-year plan to improve and expand bus service. CityLink is preparing to implement the first phase of the plan in early 2022 and would like to hear from you!
