Such revisions and amendments, if any, shall be issued through addenda to this IFB. Copies of such addenda and/or amendments shall be placed on the GPMTD website and will be furnished to the Proposer's email address submitted on the Contractors Registration Form. If the revisions or addenda require changes in requested information or the format for bid submission, the established date for submission of bids contained in this IFB may be postponed by such number of days as, in the GPMTD's opinion, shall enable Proposers adequate time to revise their bids.

GPMTD reserves the right to cancel this IFB at any time or change the date and time for submitting bids by announcing same prior to the date and time established for bid submittal.

3-2 Rejection of Bids

GPMTD reserves the right to reject any or all bids and waive any minor informalities or irregularities.

3-3 Clarification of Bids

GPMTD reserves the right to obtain clarification of any point in a bid or to obtain additional information necessary to properly evaluate a particular bid. Failure of a Proposer to respond to such a request for additional information or clarification may result in the bids' rejection.

3-4 Approved Equals

In all cases, services and materials must be furnished as specified. Where brand names or specific items are used in the specifications, consider the term "or approved equal" to follow.

Any unapproved deviations, exceptions, substitutions, alternates or conditional qualifications contained in a bid may be cause for its rejection.

If potential proposers believe that their product is equal to the product specified, they must submit a written request to GPMTD on the provided form (Attachment D) and this request will be approved or rejected by GPMTD at least seven (7) calendar days prior to the due date of bids. Requests for approved equals and clarification of specifications must be received by GPMTD in writing a minimum of fifteen (15) days before the bid opening to allow analysis of the request.

Any request for an approved equal must be fully supported with catalog information, specifications and illustrations, or other pertinent information, as evidence that the substitute offered is equal to or better than the specification. Where an approved equal is requested, the Proposer must demonstrate the equality of this product to GPMTD to determine whether the Proposer's product is or is not equal to that specified.

3-5 Modification or Withdrawal of Bids and Late Bids

At any time before the time and date set for submittal of bids, a Proposer may request to withdraw or modify its Bid. Such a request must be made in writing by a person with authority as identified on

the IFB Cover Page, provided their identity is made known and a receipt is signed for the bid. All bid modifications shall be made in writing executed and submitted in the same form and manner as the original bid. Any bid or modification of bid received at GPMTD's office designated in the solicitation after the exact time specified for bid receipt will not be considered.

3-6 Errors and Administrative Corrections

GPMTD will not be responsible for any errors in bids. Proposers will only be allowed to alter bids after the submittal deadline in response to requests for clarifications or Best and Final Offers by GPMTD. GPMTD reserves the right to request an extension of the bid period from a Proposer or Proposers.

GPMTD reserves the right to allow corrections or amendments to be made that are due to minor administrative errors or irregularities, such as errors in typing, transposition or similar administrative errors. Erasures or other changes or entries made by the proposer must be initialed by the person signing the bid.

3-7 Compliance with IFB Terms and Attachments

GPMTD intends to award a Contract based on the terms, conditions, and attachments contained in this IFB. Proposers are strongly advised to not take any exceptions. Proposers shall submit bids which respond to the requirements of the IFB. An exception is not a response to an IFB requirement. If an exception is taken, a "Notice of Exception" must be submitted with the bid. The "Notice of Exception" must identify the specific point or points of exception and provide an alternative.

Proposers are cautioned that exceptions to the terms, conditions, and attachments may result in rejection of the bid.

GPMTD may, at its sole discretion, determine that a bid with a Notice of Exception merits evaluation. A bid with a Notice of Exception not immediately rejected, may be evaluated, but its competitive scoring will be reduced to reflect the importance of the exception. Evaluation and negotiation will only continue with the Proposer if GPMTD determines that a Contract in the best interest of GPMTD may be achieved. The Notice of Exception will be used as part of GPMTD's evaluation of the bid, and, therefore, must be made known during the course of the proposing process. Comments and exceptions substantially altering the form agreement will not be considered after conclusion of the bid process and the award of a contract. Failure to submit a marked-up copy of the form agreement with a bid will be interpreted by GPMTD as the proposer's acceptance of the form agreement provided herein.

3-8 Collusion

The proposer guarantees that the bid submitted is not a product of collusion with any other proposer, and no effort has been made to fix the bid price of any proposer or to fix any overhead, profit, or cost element of any bid price (Affidavit of Non-Collusion). Failure to submit the signed affidavit at the time of bid opening shall be grounds for disqualification of the proposer's offer.

- The completeness of the bid,

GPMTD is subject to the Illinois Freedom of Information Act. Therefore, the contents of this IFB and

the Contractor's bid submitted in response to this IFB shall be considered public documents and are subject to the Illinois FOIA statutes. As such, all bids submitted to GPMTD will be available for inspection and copying by the public after the selection process has been concluded. There are, however, various items that may be exempt under public disclosure laws. If any proprietary, privileged, or confidential information or data is included in the Contractor's bid, each page that contains this information or data should be marked as such (e.g., "Proprietary," "Confidential," "Business Secret," or "Competition Sensitive") in order to indicate your claims to an exemption provided in the Illinois FOIA. It is GPMTD's sole right and responsibility, however, to make the determination whether these items are exempt or not exempt under the Illinois FOIA statutes.

GPMTD's Procurement Administrator will notify Contractor of the decision in writing. It is expressly understood and agreed that Contractor will not be entitled to damages or compensation and will not be reimbursed for losses on account of delays resulting from any cause under this provision.

5-4 Contract Changes

Any proposed change in the contract including a change in the scope of work will be submitted to GPMTD for its prior written approval and GPMTD will make the change by a Change Order if agreed upon by both parties in writing. in compliance with such instructions will not be grounds for subsequent payment or other consideration in compliance with the unauthorized change.

5-6 Cost or Price Analysis

GPMTD reserves the right to conduct a cost or price analysis for any purchase. GPMTD may be required to perform a cost analysis when competition is lacking for any purchase. Sole source procurements which result in a single Bid being received will be subject to a cost analysis which will include the appropriate verification of cost data, the evaluation of specific elements of costs and the projection of data to determine the effect on Bid prices. GPMTD may require a Pre-Award Audit and potential Contractors shall be prepared to submit data relevant to the proposed work which will allow GPMTD to sufficiently determine that the proposed price is fair, reasonable, and in accordance with Federal, State and local regulations. Procurements resulting in a single Bid will be treated as a negotiated procurement and GPMTD reserves the right to negotiate with the single Proposer to achieve a fair and reasonable price. If a negotiated price cannot be agreed upon by both parties, GPMTD reserves the right to reject the single Bid. Contract change orders or modifications will be subject to a cost analysis.

5-7 Lack of Funds

If expected or actual funding is withdrawn, reduced, or limited in any way prior to the expiration date set forth in this Contract or in any amendment hereto, GPMTD may, upon written notice to Contractor, terminate this Contract in whole or in part. Such termination shall be in accordance with GPMTD's rights to terminate for convenience or default.

5-8 Force Majeure

The timely receipt of GPMTD's requirements is essential. If the requirements are not received on time in accordance with the delivery schedule, GPMTD may cancel the unfilled portion of the contract for cause, purchase substitute requirements elsewhere, and recover from Contractor any increased costs, thereby incurred together with all resulting incidental and consequential damages. GPMTD may also terminate for cause, purchase substitute requirements elsewhere and recover costs and damages for breach of Contractor obligations.

The Contractor shall be entitled to a reasonable extension of time from GPMTD for the delays caused by damage to Contractor's and/or GPMTD's property caused by fire, lightning, earthquakes, tornadoes, and other extreme weather conditions or acts of nature, power failures, riots, acts of civil or military authorities of competent jurisdiction, strikes, lockouts, and any other industrial, civil or public disturbances beyond the control of the Contractor and its subcontractors causing the inability to perform the requirements of this Contract. If the Contract Documents are at variance therewith in any respect, any necessary changes shall be adjusted by appropriate modification. Within seven (7) calendar days of receiving such written notification, Contractor must supply GPMTD with a written detailed plan which indicates the time and methods needed to bring the work, materials, or services within acceptable limits of the Contract. GPMTD may reject or accept this plan at its discretion. In the event this plan is rejected, the work, materials, or services will be deemed not accepted and returned to Contractor at Contractor's expense. This procedure to remedy defects is not intended to limit or preclude any other remedies available to GPMTD by law, including those available under the Uniform Commercial Code.

GPMTD will not be responsible for lost profits or contract closeout cost, if this contract is terminated for convenience.

6. **Termination for Default (Construction)** If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, the GPMTD may terminate this contract for default. The GPMTD shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the Recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the Recipient resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the Recipient in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-

- A. the delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include acts of God, acts of the Recipient, acts of another Contractor in the performance of a contract with the Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

- B. the contractor, within [10] days from the beginning of any delay, notifies the GPMTD in writing of the causes of delay. If in the judgment of the GPMTD, the delay is excusable, the time for completing the work shall be extended. The judgment of the GPMTD shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the Recipient.

SECTION 6 – SPECIFIC CONTRACTUAL TERMS & CONDITIONS

6-1 Contract

Any Contract resulting from this solicitation will be structured as a firm, fixed price contract. The Contract(s) issued by GPMTD may reflect agreed to modification of Contract terms, funding, or other matters subject to subsection 5-4, Contract Changes. Standard Purchase Orders will be the authorization for the Contractor to perform the service or deliver the goods as directed.

6-2 Contract Documents and Precedence

The documents constituting the Contract between GPMTD and Contractor are intended to be complementary so that what is required by any one of them shall be as binding as if called for by all of them. In the event of any conflicting provisions or requirements within the several parts of the Contract Documents, the following order of precedence shall be applied:

- 1) Any required federal, state or local regulations that may not be altered by GPMTD;
- 2) Contract;
- 3) Purchase Order;
- 4) Contract amendments;
- 5) Results of negotiations;
- 6) Solicitation and all issued addenda and approved equals;
- 7) Any optional federal regulations elected by GPMTD as expressly set forth herein;
- 8) Clarifications of and amendments to Contractor's bid as accepted by GPMTD; and
- 9) Contractor's bid and Attachments, and all clarifications and amendments issued prior to contract award.

6-3 Contract Term

The term of the Contract arising from this IFB shall not exceed six (6) months from the execution date or upon final acceptance of the close out documents.

6-4 Payment Procedures

Payments for services rendered and expenses incurred shall be made after presentation of Contractor's invoices upon delivery of goods ordered by GPMTD. GPMTD will withhold a ten percent (10%) retainage for all invoice submitted. The ten percent (10%) retainage withheld will remain unpaid until the project is deemed complete. Such invoices shall be computed in accordance with the fee schedule agreed to by GPMTD and Contractor, less the ten percent (10%) retainage, and incorporated into the final contract, and are due and payable within thirty (30) days of receipt of a correct invoice as agreed upon by GPMTD. Each invoice shall contain Contractor's list of items delivered. Contractor also agrees to supply, with each invoice, additional information as may be requested by GPMTD. The Contractor's Certified Payroll shall be provided to GPMTD as outlined in Section 7-12.

Invoices should clearly identify the GPMTD purchase order number and any prompt payment discount offered to GPMTD for paying within ten (10) days of receipt. GPMTD may, at any time, conduct an audit of any and/or all records kept by the Contractor for this project. Any overpayment uncovered in such an audit may be charged against the Contractor's future invoices. GPMTD may withhold payment for services it believes were improper, failed to meet with project specifications, or are otherwise questionable. Invoices should be submitted to:

6-5 Advance Payment Prohibited

No advance payment shall be made for the work furnished by Contractor pursuant to this Contract.

6-6 Prompt Payment to Subcontractors

The Contractor is required to pay each first tier Subcontractor for all work that the Subcontractor has performed to the satisfaction of the GPMTD, no later than thirty (30) calendar days after the Contractor has received payment from the GPMTD for that work, and each tier of Subcontractors must likewise pay the next lower tier of Subcontractors within thirty (30) calendar days after receiving payment. If this Contract provides for retainage, the Contractor must remit to each first-tier Subcontractor its share of any retainage within thirty (30) days after receipt of such retainage from GPMTD, and each tier of Subcontractors must likewise remit retainage to the next lower tier of Subcontractors within thirty (30) calendar days after receiving payment. If this Contract does not provide for retainage, then neither Contractor nor any Subcontractor may withhold retainage from a Subcontractor. The requirements of this paragraph must be stated in all of the Contractor's subcontracts.

A delay in or postponement of payment to a Subcontractor requires good cause and prior written approval by GPMTD's General Manager or his/her authorized representative. The Contractor is required to include, in each subcontract, a clause requiring the use of appropriate arbitration mechanisms to resolve all payment disputes.

GPMTD will not pay the Contractor for work performed unless and until the Contractor ensures that each Subcontractor has been promptly paid under all previous payment requests, as evidenced by the filing with the GPMTD of lien waivers (if applicable), canceled checks (if requested), and the Contractor's sworn statement that it has complied with the prompt payment requirements. The Contractor must submit a prompt payment affidavit, (form to be provided by GPMTD) which identifies each Subcontractor (both DBE and non-DBE) and the date and amount of the last payment to such Subcontractor, with every payment request filed with GPMTD, except for the first payment request.

Failure to comply with these prompt payment requirements is a breach of the Contract which may lead to any remedies permitted under law, including, but not limited to, Contractor debarment. In addition, Contractor's failure to promptly pay its Subcontractors is subject to the provisions of 50 ILCS 505/9.

6-7 Price Adjustments

Price adjustments either upward or downward may be negotiated only at the time of renewal unless GPMTD requests a contract modification.

6-8 Shipping Charges

All prices shall include freight FOB to the designated delivery point. GPMTD shall reject requests for additional compensation for freight charges.

6-9 Delivery Points

This Contract requires all goods and/or services and supervision necessary to furnish the goods and services as set forth herein to be made to any authorized GPMTD-related facility and will be determined at the time of order at the sole discretion of GPMTD.

6-10 Summary Report

Contractor shall, if requested, submit to GPMTD a quarterly report of services provided to GPMTD under this Contract. The report, in a format acceptable to GPMTD, shall identify by item the amount of work completed, the status of the project in relation to the schedule, and any other information that may be relevant to project oversight.

6-11 Warranty Provisions

- A. No Waiver of Warranties and Contract Rights: Conducting of tests and inspections, review of Scope of Work or plans, payment for a work, or acceptance or final acceptance of the work by GPMTD shall not constitute a waiver of any rights under this Contract or in law. The termination of this Contract shall in no way relieve Contractor from its warranty/guarantee responsibility.
- B. Warranty: Contractor warrants that the work performed under this Contract shall be free from defects in material and workmanship and shall conform to all requirements of this Contract. Any work corrected shall be subject to this subsection to the same extent as the work initially provided.
- C. Warranty Applicable to Third Party Suppliers, Vendors, Distributors, and Subcontractors: Contractor shall ensure that the warranty requirements of this Contract are enforceable through and against Contractor's suppliers, vendors, distributors, and subcontractors. Contractor is responsible for liability and expense caused by any inconsistencies or differences between the warranties extended to GPMTD by Contractor and those extended to Contractor by its suppliers, vendors, distributors, and subcontractors. Such inconsistency or difference shall not excuse Contractor's full compliance with its obligations under this Contract. Contractor shall cooperate with GPMTD in facilitating warranty related work by such suppliers, vendors, distributors, and subcontractors.

6-12 Express Warranties for Services

Contractor warrants that the services shall in all material respects conform to the requirements of this Contract. Contractor warrants that qualified professional personnel with in-depth knowledge shall perform the services in a timely and professional manner; and that the services shall conform to

the standards generally observed in the industry for similar services. Contractor warrants that the services shall be in compliance with all applicable laws, rules, and regulations.

6-13 Warranty Remedies

If at any time before Final Acceptance of any work covered by this Contract, Contractor or GPMTD discovers one or more material defects or errors in the work of any other aspect in which the work materially fails to meet the provisions of the warranty requirements herein, Contractor shall, at its own expense and within thirty (30) days of notification of the defect by GPMTD, correct the defect, error, or nonconformity.

Notice Required – GPMTD shall give written notice of any defect to Contractor. If Contractor has not corrected the defect within thirty (30) days after receiving the written notice, GPMTD, in its sole discretion, may correct the defect itself. In the case of an emergency where GPMTD believes delay could cause serious injury, loss, or damage, GPMTD may waive the written notice and correct the defect. In either case, GPMTD shall charge-back the cost for such warranty repair to Contractor.

Contractor is responsible for all costs of repair or replacement in order to restore the work to the applicable Contract requirements or scope of work, including shipping charges, for work found defective before Final Acceptance, regardless of who actually corrects the defect.

6-14 Independent Status of Contractor

In the performance of this Contract, the parties shall be acting in their individual, corporate, or governmental capacities and not as agents, employees, partners, joint ventures, or associates of one another. The parties intend that an independent contractor relationship shall be created by this Contract. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever. Contractor shall not make any claim or right, privilege or benefit, which would accrue to an employee.

6-15 Notices

Any notice which is required to be given hereunder shall be deemed sufficiently given or rendered if such notice is in writing and is delivered personally or sent by certified mail, postage prepaid, return receipt requested, or by a national overnight courier service to the following addresses:

Greater Peoria Mass Transit District
Procurement Administrator
2105 NE Jefferson Avenue
Peoria, IL 61603

Any notice given hereunder by personal delivery or express mail shall be deemed delivered when received. Any properly addressed notice given herein by certified mail shall be deemed delivered when the return receipt therefore is signed, or refusal to accept the mailing by the addressee is noted thereon by the postal authorities. Either party may, at any time, change its address for the above purposes by sending a notice to the other party stating the change and setting forth the new address.

6-16 Non-Disclosure of Data

Data provided by GPMTD either before or after Contract award shall only be used for its intended

purpose. Proposers, vendors, Contractors, and subcontractors shall not utilize or distribute the GPMTD data in any form without the prior express written approval of GPMTD.

6-17 Non-Disclosure Obligation

While providing the work required under this Contract, Contractor might encounter licensed technology, software, documentation, drawings, schematics, manuals, data, or other materials marked "Confidential," "Proprietary," or "Business Secret." Contractor shall, with regard to such information and material received or used in performance of this Contract, employ practices no less than those used for the protection of Contractor's own confidential information.

The Contract imposes no obligation upon Contractor with respect to confidential information which Contractor can establish that: a) was in the possession of, or was rightfully known by Contractor without an obligation to maintain its confidentiality prior to receipt from GPMTD or a third party; b) is or becomes generally known to the public without violation of this Contract; c) is obtained by Contractor in good faith from a third party having the right to disclose it without an obligation of confidentiality; or, d) is independently developed by Contractor without the participation of individuals who have had access to GPMTD's or the third party's confidential information. Contractor may disclose confidential information if so, required by law, provided that Contractor notifies GPMTD that the third party of such requirement prior to disclosure.

6-18 Public Disclosure Requests

Contracts shall be considered public documents and, with exceptions provided under public disclosure laws, will be available for inspection and copying by the public.

If a Contractor considers any portion of any documents which may be delivered to GPMTD pursuant to this Contract to be protected under the law, Contractor shall clearly identify each such item with words such as "Confidential," "Proprietary," or "Business Secret." If a request is made for disclosure of any such document, GPMTD will determine whether the document should be made available under the law. If the document or parts thereof are determined by GPMTD to be exempt from public disclosure, GPMTD will not release the exempted document. If the document is not exempt from public disclosure law, GPMTD will notify Contractor of the request and allow Contractor five (5) days to take whatever action it deems necessary to protect its interests. If Contractor fails or neglects to take such action within said period, GPMTD will release the document deemed subject to disclosure. By signing a Contract, Contractor assents to the procedure outlined in this paragraph and shall have no claim against GPMTD on account of actions taken under such procedure.

6-19 Ownership of Data

Subject to the rights granted Contractor pursuant to this Agreement, all right, title and interest in and to the data collected and developed during the performance of this contract shall at all times remain the sole and exclusive property of GPMTD. Contractor shall surrender all such data to GPMTD prior to submitting an invoice for final payment.

6-20 Patents and Royalties

Contractor is responsible for paying all license fees, royalties, or the costs of defending claims for the infringement of any intellectual property that may be used in performing this Contract. Before final payment is made on this Contract, Contractor shall, if requested by GPMTD, furnish acceptable proof

of a proper release from all such fees or claims.

6-21 Changed Requirements

New federal, state, and local laws, regulations, ordinances, rules, policies, and administrative practices may be established after the date this Contract is established and may apply to this Contract. To achieve compliance with changing requirements, Contractor agrees to accept all changed requirements that apply to this Contract and require subcontractors to comply with revised requirements as well. Changed requirements will be implemented through subsection 5-4, Contract Changes/ Change Order Procedure.

6-22 Counterparts

This Contract may be signed in two (2) counterparts, each of which shall be deemed an original and which shall together constitute one (1) Contract.

6-23 Contractual Relationships

No contractual relationship will be recognized under the Contract other than the contractual relationship between GPMTD and the Prime Contractor.

6-24 Davis-Bacon and Copeland Anti-Kickback Acts

(1) Minimum wages - (i) All laborers and mechanics employed or working upon the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR Part 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classifications and wage rates conformed under paragraph (1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

(ii)(A) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be

classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

1. Except with respect to helpers as defined as 29 CFR 5.2(n)(4), the work to be performed by the classification requested is not performed by a classification in the wage determination; and
2. The classification is utilized in the area by the construction industry; and
3. The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination; and
4. With respect to helpers as defined in 29 CFR 5.2(n)(4), such a classification prevails in the area in which the work is performed.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account asset for the meeting of obligations under the plan or program.

(v)(A) The contracting officer shall require that any class of laborers or mechanics which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefor only when the following criteria have been met:

1. The work to be performed by the classification requested is not performed by a classification in the

wage determination; and

2.The classification is utilized in the area by the construction industry; and

3.The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Administrator for determination. The Administrator, or an authorized representative, will issue a determination with 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(v) (B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(2) Withholding - The Greater Peoria Mass Transit District shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work (or under the United States Housing Act of 1937 or under the Housing Act of 1949 in the construction or development of the project), all or part of the wages required by the contract, the [insert name of grantee] may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records - (i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work (or under the United States Housing Act of 1937, or under the Housing Act of 1949, in the construction or development of the project). Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program

described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(A) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the GPMTD for transmission to the Federal Transit Administration. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5. This information may be submitted in any form desired. Optional Form WH-347 is available for this purpose and may be purchased from the Superintendent of Documents (Federal Stock Number 029-005-00014-1), U.S. Government Printing Office, Washington, DC 20402. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors.

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be maintained under section 5.5(a)(3)(i) of Regulations, 29 CFR part 5 and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the Federal Transit Administration or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees - (i) Apprentices - Apprentices will be permitted to work at less than the

predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Bureau of Apprenticeship and Training, or with a State Apprenticeship Agency recognized by the Bureau, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Bureau of Apprenticeship and Training or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator of the Wage and Hour Division of the U.S. Department of Labor determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Bureau of Apprenticeship and Training, or a State Apprenticeship Agency recognized by the Bureau, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees - Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be

permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity - The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements - The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts - The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the Federal Transit Administration may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment - A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements - All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards - Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.
