SECTION 3 – PROPOSAL SUBMISSION PROVISIONS

3-1 Postponement, Amendment and/or Cancellation of Request for Proposals

The GPMTD reserves the right to revise or amend any portion of this RFP prior to the date and time for the proposal delivery. Such revisions and amendments, if any, shall be issued through addenda to this RFP. Copies of such addenda and/or amendments shall be placed on the GPMTD website and will be furnished to the Proposer's email address submitted on the Contractors Registration Form. If the revisions or addenda require changes in requested information or the format for proposal submission, the established date for submission of proposals contained in this RFP may be postponed by such number of days as, in the GPMTD's opinion, shall enable Proposers adequate time to revise their proposals.

GPMTD reserves the right to cancel this RFP at any time or change the date and time for submitting proposals by announcing same prior to the date and time established for proposal submittal.

3-2 Rejection of Proposals

GPMTD reserves the right to reject any or all proposals and waive any minor informalities or irregularities.

3-3 Clarification of Proposals

GPMTD reserves the right to obtain clarification of any point in a proposal or to obtain additional information necessary to properly evaluate the proposal. Failure of a Proposer to respond to such a request for additional information or clarification may result in the proposals' rejection.

3-4 Approved Equals

In all cases, services and materials must be furnished as specified. Where brand names or specific items are used in the specifications, consider the term "or approved equal" to follow.

Any unapproved deviations, exceptions, substitutions, alternates or conditional qualifications contained in a proposal may be cause for its rejection.

If potential proposers believe that their product is equal to the product specified, they must submit a written request to GPMTD on the provided form (Attachment D) and this request will be approved or rejected by GPMTD at least seven (7) calendar days prior to the due date of proposals. Requests for approved equals and clarification of specifications must be received by GPMTD in writing a minimum of fifteen (15) days before the proposal opening to allow analysis of the request.

Any request for an approved equal must be fully supported with catalog information, specifications and illustrations, or other pertinent information, as evidence that the substitute offered is equal to or better than the specification. Where an approved equal is requested, the Proposer must demonstrate the equality of this product to GPMTD to determine whether the Proposer's product is or is not equal to that specified.

3-5 Modification or Withdrawal of Proposals and Late Proposals

At any time before the time and date set for submittal of proposals, a Proposer may request to withdraw or modify its Proposal. Such a request must be made in writing by a person with authority as identified on the RFP Cover Page, provided their identity is made known and a receipt is signed for the proposal. All proposal modifications shall be made in writing executed and submitted in the same

form and manner as the original proposal. Any proposal or modification of proposal received at GPMTD's office designated in the solicitation after the exact time specified for proposal receipt will not be considered.

3-6 Errors and Administrative Corrections

GPMTD will not be responsible for any errors in proposals. Proposers will only be allowed to alter proposals after the submittal deadline in response to requests for clarifications or Best and Final Offers by GPMTD. GPMTD reserves the right to request an extension of the proposal period from a Proposer or Proposers.

GPMTD reserves the right to allow corrections or amendments to be made that are due to minor administrative errors or irregularities, such as errors in typing, transposition or similar administrative errors. Erasures or other changes or entries made by the proposer must be initialed by the person signing the proposal.

3-7 Compliance with RFP Terms and Attachments

GPMTD intends to award a Contract based on the terms, conditions, and attachments contained in this RFP. Proposers are strongly advised to not take any exceptions. Proposers shall submit proposals which respond to the requirements of the RFP. An exception is not a response to the RFP requirement. If an exception is taken, a "Notice of Exception" must be submitted with the proposal. The "Notice of Exception" must identify the specific point or points of exception and provide an alternative.

Proposers are cautioned that exceptions to the terms, conditions, and attachments may result in rejection of the proposal.

GPMTD may, at its sole discretion, determine that a proposal with a Notice of Exception merits evaluation. A proposal with a Notice of Exception not immediately rejected, may be evaluated, but its competitive scoring will be reduced to reflect the importance of the exception. Evaluation and negotiation will only continue with the Proposer if GPMTD determines that a Contract in the best interest of GPMTD may be achieved. The Notice of Exception will be used as part of GPMTD's evaluation of the proposal, and, therefore, must be made known during the course of the proposing process. Comments and exceptions substantially altering the form agreement will not be considered after conclusion of the bid process and the award of a contract. Failure to submit a marked-up copy of the form agreement with a bid proposal will be interpreted by GPMTD as the proposer's acceptance of the form agreement provided herein.

3-8 Collusion

The proposer guarantees that the proposal submitted is not a product of collusion with any other proposer, and no effort has been made to fix the proposal price of any proposer or to fix any overhead, profit, or cost element of any proposal price (Attachment F - Affidavit of Non-Collusion). Failure to submit the signed affidavit at the time of bid opening shall be grounds for disqualification of the proposer's offer.

If GPMTD determines that collusion has occurred among Proposers, none of the proposals from the participants in such collusion shall be considered. GPMTD's determination shall be final.

3-9 Pricing, Taxes and Effective Date

The price to be quoted in any proposal will include all items of labor, materials, tools, equipment,

delivery and other costs necessary to fully meet the requirements of GPMTD. Any items omitted, which are clearly necessary for the completion of this project, will be considered a portion of such specifications, although not directly specified.

Price proposals shall include all freight charges, FOB to the designated delivery points.

GPMTD is exempt from payment of Federal, Excise and Transportation Tax, and the Illinois Sales, Excise and Use Tax. Proposers will not include these taxes in their proposed price(s). All other government taxes, duties, fees, licenses, permits, royalties, assessments, and charges shall be included in the proposed price.

In the event of a discrepancy between the unit price and the extended amount for a required item, the unit price will govern.

The price quoted by the proposing companies/firms will not change for a period of ninety (90) days, beginning from the date the proposal is opened.

3-10 Proposal Alternatives

Proposals shall address all requirements identified in this solicitation. In addition, GPMTD may consider proposal alternatives submitted by Proposers that provide enhancements beyond the RFP requirements. Proposal alternatives may be considered if deemed to be in GPMTD's best interests. Proposal alternatives must be clearly identified.

3-11 Single Proposal Response

If only one Proposal is received in response to the RFP, a sample of two (2) Proposals, if available, awarded to the Proposer within the past two (2) years may be requested of the single Proposer. A cost/price analysis and/or audit may be performed of the cost proposal in order to determine if the price is fair and reasonable.

3-12 Exclusionary or Discriminatory Specifications

GPMTD agrees that it will comply with the requirements of 49 U.S.C. Section 5323(h) (3) by refraining from using any Federal assistance awarded by the FTA to support procurements using exclusionary or discriminatory specifications. GPMTD further agrees to refrain from using state or local geographic preferences, except those expressly mandated or encouraged by Federal Statute.

3-13 Protest Procedures

The Board Chair may, within his or her discretion, postpone the deadline for submission of bids/proposals, but in any case, shall provide a written response to all protests not later than five (5) business days prior to the deadline for submission of bids/proposals. If the deadline for submission of bids/proposals is postponed by the Board Chair as the result of a protest the postponement will be announced through an addendum to the solicitation.

The decision by the Board Chair shall be the final agency decision on the matter.

Pre-Award Protests:

With respect to protests made after the deadline for submission of bids/proposals but before contract award by GPMTD, protests shall be limited to those protests alleging a violation of Federal or State law, a challenge to the bids/proposals evaluation and award process.

Such protests shall be submitted in writing (defined as being sent or received via letter or facsimile on official firm/agency letterhead or by electronic mail) to the Board Chair as specified below not later than five (5) business days after the Recommendation for Contract Award announcement by GPMTD.

The Board Chair, within his or her discretion, postpone the award of the contract, but in any case, shall provide a written response to all protests not later than three (3) business days prior to the date that GPMTD shall announce the contract award.

The decision by the Board Chair shall be the final agency decision on the matter.

Requirements for Protests:

All protests must be submitted to GPMTD in writing (defined as being sent or received via letter or facsimile on official firm/agency letterhead or by electronic mail), with sufficient documentation, evidence and legal authority to demonstrate that the Protestor is entitled to the relief requested. The protest must be certified as being true and correct to the best knowledge and information of the Protestor and be signed by the Protestor. The protest must also include a mailing address to which a response should be sent.

Protests received after the deadlines for receipt of protests specified above are subject to denial without any requirement for review or action by GPMTD.

All protests must be directed in writing (defined as being sent or received via letter or facsimile on official firm/agency letterhead or by electronic mail) to the Board Chair at the address shown in the solicitation documents.

Protest Response:

The Board Chair shall issue written responses to all protests received by the required protest response dates. All protest responses shall be transmitted by first-class U.S. Postal Service to the address indicated in the protest letter.

For convenience, GPMTD will also send a copy of the response to a protest to the Protester by facsimile and/or electronic mail if a facsimile number and/or electronic mail address are indicated in the protest letter. The protest response transmitted by U.S. Postal Service shall be the official GPMTD response to the protest and GPMTD will not be responsible for the failure of the Protester to receive the protest response by either facsimile or electronic mail.

SECTION 4 – PROPOSAL EVALUATION & CONTRACT AWARD

4-1 General

GPMTD shall employ the qualification-based selection in a negotiated purchase method in making the award for this procurement. Technical information and price information will be evaluated.

Offerors will be required to submit supporting documentation on the technical aspects and cost. The Evaluation Committee may elect to interview proposers in order to clarify their proposals and/or for the Proposers to make oral presentations. If interviews, presentations, or negotiations are held, the evaluation team may reevaluate the proposals of those firms interviewed. GPMTD expects all offerors to fully cooperate with its evaluation process.

4-2 Eligibility for Award / Preliminary Proposal Review

The preliminary review is the initial step in the proposal review process and the purpose is to gauge the responsiveness of the Proposer. The proposals will be preliminarily evaluated according to the following criteria:

- The completeness of the proposal,
- The Proposer has submitted proposal on or before the required due date and time,
- The required forms, certifications, and deliverables have been submitted.

Failure to meet any or all of the above criteria will result in a nonresponsive proposal and said proposal will be rejected in its entirety.

In order to qualify as a Responsible Proposer, in addition to the other requirements herein provided, a Proposer must be prepared to prove to the satisfaction of GPMTD that it has the integrity, skill, and experience to faithfully perform the conditions of the Contract and that it has the necessary financial resources to provide the services in a satisfactory manner and within the time specified.

To be considered skilled and experienced, the Proposer must show, among other requirements of GPMTD, that it has satisfactorily supplied services of the same general type and scope as that which is called for in the RFP.

The Proposer shall maintain at all times, the necessary licenses, permits or certifications required and may be required to furnish evidence of the same.

4-3 Evaluation of Proposals

The Evaluation Committee will evaluate the proposals in accordance with the criteria set forth below. The total evaluation points, as separately determined by each team member, will be added and each proposer will be ranked in numerical sequence, from the highest to the lowest score. GPMTD may then select the proposal that is considered to be the most advantageous to GPMTD.

4-4 Scoring and Evaluation Criteria

Each criterion has been assigned a weighting factor that reflects the relative significance or priority each criterion has in determining the costs and quality associated with this service. Conversely, the proposal receiving the highest total score shall be deemed the proposal in the opinion of GPMTD, best meets the established criteria listed herein. Proposals will be rated on a scale from one (lowest rating) to ten (highest rating) with regard to each evaluation criterion. As such, the proposal that is evaluated

by an evaluation team member as the best with regard to a particular criterion will receive the maximum number of points for that criterion. The evaluation criteria are listed as follows:

- | | |
|---------------------------|-----|
| • Vendor Qualifications | 30% |
| • Proposed Solution | 30% |
| • Project Management Plan | 20% |
| • Price | 20% |

The Qualification and Capabilities Criteria will be evaluated based on the following:

- Vendor Qualifications Vendor understands the overall project requirements. Vendor displays expertise and experience with working with similar transit agency projects of similar scope and type. Background experience and qualifications of key personnel are appropriate in relation to their assigned work tasks and relative to the overall project goals.
- Proposed Solution Vendor has offered a modern, functional and fully integrated design that meets the current required needs of GPMTD and allows for future adaptability and innovation.
- Project Management Plan Vendor appears organized and has proposed a concise and logical removal, installation, implementation and training plan. Project schedule is well-defined with roles, responsibilities and goals clearly identified.
- Price Proposal Proposed pricing is logical and provides value to GPMTD. Vendor was detailed and followed the price proposal requirements outlined within the RFP.

Refer to Section 1-4 for additional information related to the evaluation criteria.

The Scope of Work, as amended through the request for exception process, and any addenda thereto, will set forth the minimum requirements of the service GPMTD requires through this procurement.

The award of this contract shall be made to the proposer whose proposal, in the opinion of GPMTD, best meets the established criteria listed herein.

4-5 Competitive Range

The competitive range is determined through a preliminary evaluation of proposals, which applies the evaluation criteria as set forth above. The groups remaining in the competitive range may be invited to participate in additional evaluations, testing, Best and Final Offer, or negotiations.

4-6 Negotiations

GPMTD may undertake concurrent negotiations with proposers determined to be within a competitive range. GPMTD does, however, reserve the right to award a contract based on the original proposal without any negotiations. The decision to award without negotiation may be made by GPMTD if, in the sole opinion of GPMTD, preliminary evaluation of the proposals received indicates that the best achievable and technically acceptable proposal has been received.

Concurrent negotiations with all proposers whose proposals are within the competitive range may be conducted by GPMTD. Negotiations may be entered into with one or more Proposers to finalize contract terms and conditions. In the event negotiations are not successful, GPMTD may initiate negotiations with the next ranking proposer or reject proposals.

Negotiation of a Contract will be in conformance with all applicable federal, state, and local laws, regulations, rules, and procedures. The objective of the negotiations will be to reach agreement on all provisions of the proposed Contract. The GPMTD may elect to submit a revised cost as part of the negotiation process based on current market values.

Upon completion of negotiations, the proposal that best meets the requirements of the RFP and ranks the highest evaluation score earned by its proposal based on the evaluation criteria shall be recommended to GPMTD's Board of Trustees as the successful proposer for award.

4-7 Contract Award

Contract award, if any, will be made by GPMTD to the responsible Proposer whose proposal best meets the requirements of the RFP, and will be the most advantageous to GPMTD with respect to operational plan, quality, and other factors as evaluated by GPMTD. GPMTD shall have no obligations until a Contract is signed between the Proposer and GPMTD.

Contract award will occur when GPMTD signs the Contract or issues a purchase order. No other act of GPMTD shall constitute Contract award. The Contract will establish the Contract value and incorporate the terms of this document but will not be the authorization for Contractor to proceed.

4-8 Execution of Contract and Notice to Proceed

The Proposer to whom GPMTD intends to award the Contract shall sign the Contract and return it to GPMTD. Upon authorization by GPMTD's Board of Trustees, or designee, the Contract will be countersigned. Upon receipt by GPMTD of any required documentation and submittals by the Proposer, a Notice to Proceed may be issued, if appropriate.

4-9 Public Disclosure of Proposals

GPMTD is subject to the Illinois Freedom of Information Act. Therefore, the contents of this RFP and the Contractor's proposal submitted in response to this RFP shall be considered public documents and are subject to the Illinois FOIA statutes. As such, all proposals submitted to GPMTD will be available for inspection and copying by the public after the selection process has been concluded. There are, however, various items that may be exempt under public disclosure laws. If any proprietary, privileged, or confidential information or data is included in the Contractor's proposal, each page that contains this information or data should be marked as such (e.g., "Proprietary," "Confidential," "Business Secret," or "Competition Sensitive") in order to indicate your claims to an exemption provided in the Illinois FOIA. It is GPMTD's sole right and responsibility, however, to make the determination whether these items are exempt or not exempt under the Illinois FOIA statutes.

All data, documentation and innovations developed as a result of these contractual services shall become the property of GPMTD.

SECTION 5 – STANDARD CONTRACTUAL TERMS & CONDITIONS

5-1 Administration

This Contract is between GPMTD and the Contractor who will be responsible for providing the goods and/or performing the services described herein. GPMTD is not party to defining the division of work between the Contractor and its Subcontractors, if any, and the Specifications and/or Scope of Services has not been written with this intent.

Contractor represents that it has or will obtain all duly licensed and qualified personnel and equipment required to perform hereunder. Contractor's performance under this Contract may be monitored and reviewed by a Procurement Administrator appointed by GPMTD. Reports and data required to be provided by Contractor shall be delivered to the Procurement Administrator. Questions by Contractor regarding interpretation of the terms, provisions, and requirements of this Contract shall be addressed to the Procurement Administrator for response.

5-2 Notification of Delay

5-3 Request for Extension

Contractor agrees to supply, as soon as such data are available, any reasonable proofs that are required by GPMTD's Procurement Administrator to make a decision of any request for extension. GPMTD's Procurement Administrator will examine the request and any documents supplied by Contractor and will determine if Contractor is entitled to an extension and the duration of such extension. GPMTD's Procurement Administrator will notify Contractor of the decision in writing. It is expressly understood and agreed that Contractor will not be entitled to damages or compensation and will not be reimbursed for losses on account of delays resulting from any cause under this provision.

5-4 Contract Changes

Any proposed change in the contract including a change in the scope of work will be submitted to GPMTD for its prior written approval and GPMTD will make the change by a Change Order if agreed upon by both parties in writing. Each written Change Order will expressly include any change in the Contract price or delivery schedule. No oral order or conduct by GPMTD will constitute a Change Order unless confirmed in writing by GPMTD.

5-5 Instructions by Unauthorized Third Persons

In accordance with subsection 5-4, Contract Changes, of the solicitation, GPMTD's General Manager or his/her authorized representative are the only persons authorized to make changes within the general scope of the Contract.

Any instructions, written or oral, given to Contractor by someone other than GPMTD's General Manager or his/her authorized representative, which are considered to be a change in the Contract, will not be considered an authorized Contract change. Any action on the part of Contractor taken in compliance with such instructions will not be grounds for subsequent payment or other consideration

in compliance with the unauthorized change.

5-6 Cost or Price Analysis

GPMTD reserves the right to conduct a cost or price analysis for any purchase. GPMTD may be required to perform a cost analysis when competition is lacking for any purchase. Sole source procurements which result in a single Bid being received will be subject to a cost analysis which will include the appropriate verification of cost data, the evaluation of specific elements of costs and the projection of data to determine the effect on Bid prices. GPMTD may require a Pre-Award Audit and potential Contractors shall be prepared to submit data relevant to the proposed work which will allow GPMTD to sufficiently determine that the proposed price is fair, reasonable, and in accordance with Federal, State and local regulations. Procurements resulting in a single Bid will be treated as a negotiated procurement and GPMTD reserves the right to negotiate with the single Proposer to achieve a fair and reasonable price. If a negotiated price cannot be agreed upon by both parties, GPMTD reserves the right to reject the single Bid. Contract change orders or modifications will be subject to a cost analysis.

5-7 Lack of Funds

If expected or actual funding is withdrawn, reduced, or limited in any way prior to the expiration date set forth in this Contract or in any amendment hereto, GPMTD may, upon written notice to Contractor, terminate this Contract in whole or in part. Such termination shall be in accordance with GPMTD's rights to terminate for convenience or default.

5-8 Force Majeure

The timely receipt of GPMTD's requirements is essential. If the requirements are not received on time in accordance with the delivery schedule, GPMTD may cancel the unfilled portion of the contract for cause, purchase substitute requirements elsewhere, and recover from Contractor any increased costs, thereby incurred together with all resulting incidental and consequential damages. GPMTD may also terminate for cause, purchase substitute requirements elsewhere and recover costs and damages for breach of Contractor obligations.

The Contractor shall be entitled to a reasonable extension of time from GPMTD for the delays caused by damage to Contractor's and/or GPMTD's property caused by fire, lightning, earthquakes, tornadoes, and other extreme weather conditions or acts of nature, power failures, riots, acts of civil or military authorities of competent jurisdiction, strikes, lockouts, and any other industrial, civil or public disturbances beyond the control of the Contractor and its subcontractors causing the inability to perform the requirements of this Contract. Any delay other than ones mentioned above shall constitute a breach of Contractor's contractual obligations.

5-9 Taxes, Licenses, Laws, and Certificate Requirements

Contractor shall maintain and be liable for all taxes, fees, licenses, and costs as may be required by federal, state, and local laws, rules, and regulations for the conduct of business by Contractor and any subcontractors and shall secure and at all times maintain any and all such valid licenses and permits as may be required to provide the services or supplies under this Contract. If for any reason, Contractor's required licenses or certificates are terminated, suspended, revoked, lapsed, or in any manner modified from their status at the time this Contract becomes effective, Contractor shall immediately notify GPMTD in writing of such condition.

Contractor will give all notices and comply with all federal, state, local and GPMTD laws, ordinances,

rules, regulations, standards, and orders of any public authority bearing on the performance of the Contract, including, but not limited to, the laws referred to in these General Provisions of the Contract and the other Contract Documents. If the Contract Documents are at variance therewith in any respect, any necessary changes shall be adjusted by appropriate modification. Omission of any applicable laws, ordinances, rules, regulations, standards or orders by GPMTD in the Contract Documents shall be construed as an oversight and shall not relieve the Contractor from his obligations to meet such fully and completely. Upon request, Contractor shall furnish to GPMTD certificates of compliance with all such laws, orders and regulations. Contractor shall be responsible for obtaining all necessary permits and licenses required for performance under the Contract.

Applicable provisions of all federal, state, and local laws, and of all ordinances, rules, and regulations shall govern any and all claims and disputes which may arise between person(s) submitting a Bid response hereto and GPMTD, by and through its officers, employees and authorized representatives, or any other persons, natural and otherwise, and lack of knowledge by any Contractor shall not constitute a cognizable defense against the legal effect thereof.

5-10 Defective Work, Materials or Services

When and as often as GPMTD determines that the work, materials, or services furnished under the Contract are not fully and completely in accordance with any requirement of the Contract, it may give notice and description of such non-compliance to Contractor. Within seven (7) calendar days of receiving such written notification, Contractor must supply GPMTD with a written detailed plan which indicates the time and methods needed to bring the work, materials, or services within acceptable limits of the Contract. GPMTD may reject or accept this plan at its discretion. In the event this plan is rejected, the work, materials, or services will be deemed not accepted and returned to Contractor at Contractor's expense. This procedure to remedy defects is not intended to limit or preclude any other remedies available to GPMTD by law, including those available under the Uniform Commercial Code.

5-11 Indemnification and Hold Harmless

To the fullest extent permitted by law, Contractor agrees to indemnify, and hold harmless, and upon request, defend GPMTD, its officers, directors, Board Members, employees, agents, representatives, volunteers, subsidiaries, successors, and assigns ("Indemnitees"), from any claim, liability, damage, expense, suit or demand (including, without limitation, reasonable attorneys' fees and court costs) for any losses, damages, injuries, or death to any persons including Contractor's employees or any Subcontractor's employees, or for damage or loss to any third-party property, arising out of or in any manner related to, based upon, or in connection with any operations, performance, breach, course or scope of Work, act, omissions, or presence upon use, or other encountering of any property, facilities, personnel, vehicles, equipment, or operation of GPMTD by or involving GPMTD, Contractor or any of their employees, agents, representatives, facilities, vehicles, materials equipment, or Subcontractors (regardless of tier) or anyone directly or indirectly employed by any of them, in any connection with the Work performed by or on behalf of Contractor, regardless of whether the Contractor is a party to any lawsuit. In that regard, this obligation to indemnify includes, without limitation, claims against GPMTD for GPMTD's own negligence or fault.

5-12 Workers Compensation Waiver

To the fullest extent permitted by law, Contractor expressly (a) waives the benefits, for itself and all subcontractors of the provisions of any applicable workers compensation law limiting the tort or other liability of any employer on account of injuries to the employer's employees, and expressly (b) assumes proportionate liability in that regard. Contractor also waives any rights and/or claims for

subrogation and/or reimbursement by listen or otherwise for itself, and all Subcontractors to recover from GPMTD any amounts paid under any applicable workers compensation law by Contractor, any Subcontractor or their respective workers' compensation insurers.

Whenever possible, each provision of this Contract shall be interpreted to be effective and valid under applicable law. If any provision is found to be invalid, illegal, or unenforceable, then such provision or portion thereof shall be modified to the extent necessary to render it legal, valid, and enforceable and have the intent and economic effect as close as possible to the invalid, illegal, and unenforceable provision.

5-20 Non-waiver of Breach

No action or failure to act by GPMTD shall constitute a waiver of any right or duty afforded to GPMTD under the Contract; nor shall any such action or failure to act by GPMTD constitute an approval of, or acquiescence in, any breach hereunder, except as may be specifically stated by GPMTD in writing.

5-21 Use of GPMTD's Name in Contractor Advertising or Public Relations

GPMTD reserves the right to review and approve all GPMTD-related copy prior to publication.

Contractor will not allow GPMTD-related copy to be published in Contractor's advertisements or public relations programs until submitting GPMTD-related copy and receiving prior written approval from GPMTD's General Manager or his/her authorized representative. Contractor will agree that published information on GPMTD or its program will be factual, and in no way imply that GPMTD endorses Contractor's firm, service, or product.

5-22 Termination Provisions

1. **Termination for Convenience (General Provision)** The GPMTD may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs on work performed up to the time of termination. GPMTD will not be responsible for lost profits or contract closeout cost, if this contract is terminated for convenience. The Contractor shall promptly submit its termination claim to GPMTD to be paid the Contractor. If the Contractor has any property in its possession belonging to the GPMTD, the Contractor will account for the same, and dispose of it in the manner the GPMTD directs.
2. **Termination for Default [Breach or Cause] (General Provision)** If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the GPMTD may terminate this contract for default. Termination shall be affected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the GPMTD that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the GPMTD, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

3. **Opportunity to Cure (General Provision)** The GPMTD in its sole discretion may, in the case of a termination for breach or default, allow the Contractor 10 business days in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to GPMTD's satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from GPMTD setting forth the nature of said breach or default, GPMTD shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude GPMTD from also pursuing all available remedies against Contractor and its sureties for said breach or default.

4. **Waiver of Remedies for any Breach** In the event that GPMTD elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by GPMTD shall not limit GPMTD's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
5. **Termination for Convenience of Default (Cost-Type Contracts)** The GPMTD may terminate this contract, or any portion of it, by serving a notice of termination on the Contractor. The notice shall state whether the termination is for convenience of the GPMTD or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the GPMTD, or property supplied to the Contractor by

the GPMTD. If the termination is for default, the GPMTD may fix the fee, if the contract provides for a fee, to be paid the contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the GPMTD and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of the GPMTD, the Contractor shall be paid a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. GPMTD will not be responsible for lost profits or contract closeout cost, if this contract is terminated for convenience.

6. **Termination for Default (Supplies and Service)** If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the GPMTD may terminate this contract for default. The GPMTD shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

Vendor shall provide GPMTD with all licenses required for GPMTD to use the software.

6-2 Contract Documents and Precedence

6-3 Contract Term

Each option shall be awarded at the sole discretion of Greater Peoria Mass Transit District and shall be made after mutual agreement.

6-4 Payment Procedures

Payments for services rendered and expenses incurred shall be made after presentation of Contractor's invoices upon delivery of goods ordered by GPMTD. Invoices should clearly identify the GPMTD purchase order number and any prompt payment discount offered to GPMTD for paying within ten (10) days of receipt. GPMTD may, at any time, conduct an audit of any and/or all records kept by the Contractor for this project. Any overpayment uncovered in such an audit may be charged against the Contractor's future invoices. 6-5 Advance Payment Prohibited

No advance payment shall be made for the work furnished by Contractor pursuant to this Contract.

6-6 Prompt Payment to Subcontractors

The Contractor is required to pay each first tier Subcontractor for all work that the Subcontractor has performed to the satisfaction of the GPMTD, no later than thirty (30) calendar days after the Contractor has received payment from GPMTD for that work, and each tier of Subcontractors must likewise pay the next lower tier of Subcontractors within thirty (30) calendar days after receiving payment. If this Contract provides for retainage, the Contractor must remit to each first-tier Subcontractor its share of any retainage within thirty (30) days after receipt of such retainage from GPMTD, and each tier of Subcontractors must likewise remit retainage to the next lower tier of Subcontractors within thirty (30) calendar days after receiving payment. If this Contract does not provide for retainage, then neither Contractor nor any Subcontractor may withhold retainage from a Subcontractor. The requirements of this paragraph must be stated in all of the Contractor's subcontracts.

A delay in or postponement of payment to a Subcontractor requires good cause and prior written approval by GPMTD's General Manager or his/her authorized representative. The Contractor is required to include, in each subcontract, a clause requiring the use of appropriate arbitration mechanisms to resolve all payment disputes.

GPMTD will not pay the Contractor for work performed unless and until the Contractor ensures that each Subcontractor has been promptly paid under all previous payment requests, as evidenced by the filing with GPMTD of lien waivers (if applicable), canceled checks (if requested), and the Contractor's sworn statement that it has complied with the prompt payment requirements. The Contractor must submit a prompt payment affidavit, (form to be provided by GPMTD) which identifies each Subcontractor (both DBE and non-DBE) and the date and amount of the last payment to such Subcontractor, with every payment request filed with GPMTD, except for the first payment request.

Failure to comply with these prompt payment requirements is a breach of the Contract which may lead to any remedies permitted under law, including, but not limited to, Contractor debarment. In addition, Contractor's failure to promptly pay its Subcontractors is subject to the provisions of 50 ILCS 505/9.

6-7 Price Adjustments

Price adjustments either upward or downward may be negotiated only at the time of renewal unless GPMTD requests a contract modification.

6-8 Escalation

The Department does not allow escalation clauses as part of specifications or contracts, with the following exceptions, subject to prior concurrence for each contract:

- Procurement for rail vehicles, where the contract price exceeds one year; and
- Procurements of metal product from a mill or manufacturer where quotations based on "price at time of shipment" have historically been used.

6-9 Shipping Charges

All prices shall include freight FOB to the designated delivery point. GPMTD shall reject requests for additional compensation for freight charges.

6-10 Delivery Points

This Contract requires all goods and/or services and supervision necessary to furnish the goods and services as set forth herein to be made to any authorized GPMTD-related facility and will be determined at the time of order at the sole discretion of GPMTD.

6-11 Summary Report

Contractor shall, if requested, submit to GPMTD a quarterly report of services provided to GPMTD under this Contract. The report, in a format acceptable to GPMTD, shall identify by item the amount of work completed, the status of the project in relation to the schedule, and any other information that may be relevant to project oversight.

6-12 Warranty Provisions

- A. No Waiver of Warranties and Contract Rights: Conducting of tests and inspections, review of Scope of Work or plans, payment for a work, or acceptance or final acceptance of the work by GPMTD shall not constitute a waiver of any rights under this Contract or in law. The termination of this Contract shall in no way relieve Contractor from its warranty/guarantee responsibility.
- B. Warranty: Contractor warrants that the work performed under this Contract shall be free from defects in material and workmanship and shall conform to all requirements of this Contract. Any work corrected shall be subject to this subsection to the same extent as the work initially provided.
- C. Warranty Applicable to Third Party Suppliers, Vendors, Distributors, and Subcontractors: Contractor shall ensure that the warranty requirements of this Contract are enforceable through and against Contractor's suppliers, vendors, distributors, and subcontractors. Contractor is responsible for liability and expense caused by any inconsistencies or differences between the warranties extended to GPMTD by Contractor and those extended to Contractor by its suppliers, vendors, distributors, and subcontractors. Such inconsistency or difference shall not excuse Contractor's full compliance with its obligations under this Contract. Contractor shall cooperate with GPMTD in facilitating warranty related work by such suppliers, vendors, distributors, and subcontractors.

6-13 Express Warranties for Services

Contractor warrants that the services shall in all material respects conform to the requirements of this Contract. Contractor warrants that qualified professional personnel with in-depth knowledge shall perform the services in a timely and professional manner; and that the services shall conform to the standards generally observed in the industry for similar services. Contractor warrants that the services shall be in compliance with all applicable laws, rules, and regulations.

6-14 Warranty Remedies

If at any time before Final Acceptance of any work covered by this Contract, Contractor or GPMTD discovers one or more material defects or errors in the work of any other aspect in which the work materially fails to meet the provisions of the warranty requirements herein, Contractor shall, at its own expense and within thirty (30) days of notification of the defect by GPMTD, correct the defect, error, or nonconformity.

Notice Required – GPMTD shall give written notice of any defect to Contractor. If Contractor has not corrected the defect within thirty (30) days after receiving the written notice, GPMTD, in its sole discretion, may correct the defect itself. In the case of an emergency where GPMTD believes delay could cause serious injury, loss, or damage, GPMTD may waive the written notice and correct the

defect. In either case, GPMTD shall charge-back the cost for such warranty repair to Contractor.

Contractor is responsible for all costs of repair or replacement in order to restore the work to the applicable Contract requirements or scope of work, including shipping charges, for work found defective before Final Acceptance, regardless of who actually corrects the defect.

6-15 Independent Status of Contractor

In the performance of this Contract, the parties shall be acting in their individual, corporate, or governmental capacities and not as agents, employees, partners, joint ventures, or associates of one another. The parties intend that an independent contractor relationship shall be created by this Contract. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever. Contractor shall not make any claim or right, privilege or benefit, which would accrue to an employee.

Either party may, at any time, change its address for the above purposes by sending a notice to the other party stating the change and setting forth the new address.

6-17 Non-Disclosure of Data

Contractor may disclose confidential information if so required by law, provided that Contractor notifies GPMTD that the third party of such requirement prior to disclosure.

6-19 Public Disclosure Requests

If a Contractor considers any portion of any documents which may be delivered to GPMTD pursuant to this Contract to be protected under the law, Contractor shall clearly identify each such item with words such as "Confidential," "Proprietary," or "Business Secret." If a request is made for disclosure of any such document, GPMTD will determine whether the document should be made available under the law. If the document or parts thereof are determined by GPMTD to be exempt from public disclosure, GPMTD will not release the exempted document. If the document is not exempt from public disclosure law, GPMTD will notify Contractor of the request and allow Contractor five (5) days to take whatever action it deems necessary to protect its interests. If Contractor fails or neglects to take such action within said period, GPMTD will release the document deemed subject to disclosure. By signing a Contract, Contractor assents to the procedure outlined in this paragraph and shall have no claim against GPMTD on account of actions taken under such procedure.

6-20 Ownership of Data

Subject to the rights granted Contractor pursuant to this Agreement, all right, title and interest in and to the data collected and developed during the performance of this contract shall at all times remain the sole and exclusive property of GPMTD. Contractor shall surrender all such data to GPMTD prior to submitting an invoice for final payment.

Before final payment is made on this Contract, Contractor shall, if requested by GPMTD, furnish acceptable proof of a proper release from all such fees or claims.

ATTACHMENT E – Indemnity and Insurance Requirements

1. These are the Indemnity and Insurance Requirements for Contractors providing services or supplies to Greater Peoria Mass Transit District (GPMTD). By agreeing to perform the work or submitting a proposal, you verify that you comply with and agree to be bound by these requirements. If any additional Contract documents are executed, the actual Indemnity language and Insurance Requirements may include additional provisions as deemed appropriate by GPMTD.

2. You should check with your Insurance advisors to verify compliance and determine if additional coverage or limits may be needed to adequately insure your obligations under this agreement. These are the minimum required and do not in any way represent or imply that such coverage is sufficient to adequately cover the Contractor’s liability under this agreement. The full coverage and limits afforded under Contractor’s policies of Insurance shall be available to GPMTD and these Insurance Requirements shall not in any way act to reduce coverage that is broader or includes higher limits than those required. The Insurance obligations under this agreement shall be: 1—all the Insurance coverage and limits carried by or available to the Contractor; or 2—the minimum Insurance requirements shown in this agreement, whichever is greater. Any insurance proceeds in excess of the specified minimum limits and coverage required, which are applicable to a given loss, shall be available to GPMTD.

3. Contractor shall furnish the GPMTD with original Certificates of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to GPMTD before work begins. GPMTD reserves the right to require full-certified copies of all Insurance coverage and endorsements.

I. INDEMNIFICATION

To the fullest extent permitted by law, Contractor agrees to indemnify, and hold harmless, and upon request, defend GPMTD, its officers, directors, Board Members, employees, agents, representatives, volunteers, subsidiaries, successors, and assigns (“Indemnitees”), from any claim, liability, damage, expense, suit or demand (including, without limitation, reasonable attorneys’ fees and court costs) for any losses, damages, injuries, or death to any persons including Contractor’s employees or any Subcontractor’s employees, or for damage or loss to any third-party property, arising out of or in any manner related to, based upon, or in connection with any operations, performance, breach, course or scope of Work, act, omissions, or presence upon, use, or other encountering of any property, facilities, personnel, vehicles, equipment, or operation of GPMTD by or involving GPMTD, Contractor or any of their employees, agents, representatives, facilities, vehicles, materials, equipment, or Subcontractors (regardless of tier) or anyone directly or indirectly employed by any of them, in any connection with the Work performed by or on behalf of Contractor, regardless of whether the Contractor is a party to any lawsuit. In that regard, this obligation to indemnify includes, without limitation, claims against GPMTD for GPMTD’s own negligence or fault.

II. INSURANCE

All insurance required except for worker’s compensation shall be endorsed to add Greater Peoria Mass Transit District, it’s officials, Board members, employees, agents and volunteers to be added to all liabilities policies as additional insureds. The contractor’s insurer will provide at least 30 days written notice of cancellation.

I have read and understand the above requirements and agree to be bound by them for any work performed for the GPMTD.
